HACKING EXECUTION

ABOUT JENNIFER

I am passionate about helping amazing people deliver highly successful projects by amplifying others.

Work comes alive when great leaders help others accomplish something they never thought they could.

My goal is to help exceptional people who want to become transformational leaders set themselves and their projects up for success.

6 MONTHS COACHING & MENTORING

- 2 x 1hr Sessions/Month
- 4 x Half Day on site visits

MENTORING: FLEXIBLE, POWERFUL, APPLIED CURRICULUM

- Designed to:
 - Help you embody Promise Based Management (PBM)
 - Use PBM as a design paradigm for mobilizing commitment for your projects
 - Use PBM as a diagnostic tool for understanding slowdowns or derailments in Strategy execution
 - Help you become an implementation focused leader
 - Help you see you own leadership growth areas.
 - You will be given homework at the end of each session to help you apply what you have learnt

COACHING: APPLIED IN ACTION LEARNING

- This custom 1:1 mentoring program allows us to apply the mentoring to your specific issues and opportunities:
 - Flexible curriculum and learning designed to address your specific concerns
 - In action, in the moment coaching to prepare you to apply your new learning
 - Coaching specific to your challenges
 - Executive development beyond being an implementation focused leader

DEEP DIVE: ON-SITE, IN PERSON VISITS

- Deep dive session. You, me and a whiteboard to tackle a specific problem and produce actionable outcomes and to see PBM design thinking in action
- Observation in action, with feedback. If there is a specific aspect of your leadership that you are interested in improving in action. I can observe and coach you through getting to the next level or two or three! I subscribe to the 'Why be good when you can be great' motto.
